MISCELLANEOUS

Compliance Officer Percy provided an example of a controlled substance dispensing record currently being used by Purdue University researchers to track drug usage. He also offered to the committee several places on the internet where examples can be found and utilized by researchers engaging in research using controlled substances (these are logs that can be used to track controlled substance usage by entities/researchers that don't necessarily dispense or administer on a regular basis or in the course of normal business operations as a pharmacy or hospital might).

INSPECT UPDATE

INSPECT staff was otherwise engaged during the duration of this meeting completing grant paperwork for final submission. Presentation was made by Director Wickizer on their behalf. Director

Wickizer provided an update to the Board along with the most recent quarterly reporting information compiled for the second quarter of 2009. Reports showed continued improvement in compliance and fulfillment of reports to practitioners. Director Wickizer also discussed the following topics more generally with the committee:

- Upcoming information sharing project between INSPECT and the Regenstrief Institute (IHIE/INPC) re: incorporating inspect data with larger EMR provided by the INPC
- Ongoing meetings re: IHIC and their goals of creating med-lists for all Hoosiers by 2010 at the point of care
- Continued coverage of prescription drug abuse by the media and in particular the availability of prescription monitoring programs as tools for law enforcement and other healthcare providers across the country (included in the discussion were celebrity overdoses and doctor shopping cases)
- Work related to the new INSPECT RFP being released in the next several weeks to procure a new contract for the application that runs INSPECT
- Work related to submission of a bid for the NASPER grant being funded by ARRA through the US Health Department

ADJOURNMENT

A motion was made by Member Turner and seconded by Member K. Miller to adjourn the meeting at 10:11 a.m. The next meeting of the Committee will be held on September 25, 2009.
